PROJECT PROGRESS

It seems like only yesterday that we started this project, and now we are already halfway through it. The partners have been working hard for the last months.

The Model of Working with a Pupil Returning from Abroad to the Native Education System and The Model of Working with a Foreign Pupil Coming to a New Country are being finalized. The partners have already conducted the external evaluation. In total, 36 experts evaluated the two Models in order to fine-tune the content. OIC Poland Foundation and Zespół Szkół im. Unitów Podlaskich were the lead partners in developing the Models. Now, the Models are being graphically edited and translated by partners. They will be available in all languages at the end of April on our project website.

Changing Perspectives is an online e-learning platform for teachers.

The first draft of the online course has been completed. The course consists of 5 chapters on Inclusive and Intercultural education:

3. Effective Communication
4. On a classroom level
5. On an individual level (1:1)

5 experts per partner are evaluating the modules and will make suggestions to improve the course.
