## THE MODELS

After a few months of hard work, the two working models are finally available. Model 1: Model of Working with a pupil Returning from Abroad to the Native Education System and Model 2: Model of Working with a Foreign Pupil Coming to New Country (Adaptation of Foreign Pupil).

You can find the Modules with their respective annexes in the project's website:

<https://schooladapt.eu/en/project-results>

In them you can find relevant information about the activities to be undertaken by whole school community (head teacher, class teachers, parents, classmates, intercultural assistant) at different stages to successfully integrate the newcomers.
